

Smarter growth through technology you own.

Enterprise AI on infrastructure you own, with no cloud tax and no data leaving your building.

COMPANY OVERVIEW

TechFides LLC future-proofs your operations with scalable, value-driven AI and IT, deployed on hardware you own. No cloud tax, no usage meters, and no data leaving your building. We prevent waste, reduce downtime, and accelerate growth, backed by a Lean Six Sigma delivery discipline.

CORE COMPETENCIES

- Sovereign AI Deployment**
Local AI workbench on hardware you own.
- AI Receptionist**
24/7 call answering, triage, and booking.
- AI Concierge**
Live AI trained on your catalog.
- Intelligent Website**
Sites built to sell and convert.
- SmartCard**
Intelligent card that tracks every handshake to revenue.
- AI Readiness 360**
Assessment and roadmap before you invest.
- AEGIS, AI Governance**
AI policy, controls, and oversight.
- Cybersecurity that Cuts Risk & Cost**
Proactive, compliant defense that lowers insurance cost.
- Enterprise Digitization & Integration**
ERP modernization and M&A integration.

DIFFERENTIATORS

- ✓ **Own Your AI.** The client owns the hardware and the data. No usage meters, no cloud bills.
- ✓ **80% Lean Six Sigma certified.** Operational excellence at every stage of delivery.
- ✓ **Decades of global enterprise experience.** Enterprise-grade and higher-education delivery across regions.
- ✓ **Proprietary playbooks.** De-risked transformation across multimillion-dollar programs.
- ✓ **Scalable frameworks.** NIST, GDPR, World Bank ICT guidelines, UN SDGs, regional data policies.
